“Argaux is a life-saver here at Hulu as my colleagues and I have relied on them for all of our client gift-giving needs.”

— Hulu

“If you are looking for a way to impress friends or co-workers and have a fun event this is the way to go.”

— Irvine Company

“Our Argaux sommeliers comfort with the technology and ability to walk our guests through a wonderful tasting experience was the perfect touch for our large virtual donor meeting. With their warmth and approachable expertise, Argaux fostered interactions that made everyone relax and feel connected.”

— Christy Ward, Hoag Hospital Foundation

“I held a virtual wine tasting for my team at work and we absolutely loved this! It was the best blind wine tasting experience most have ever had. We had ordered ~ 15 kits shipped all over the US, and they shipped quickly, and better yet, they shipped a replacement kit overnight at the last minute for a kit that got damaged in transit. They were even able to accommodate a Kosher blind tasting! Alyssa was my POC and she was AMAZING! Not only was their customer service beyond brilliant, the wines were absolutely incredible, and stumped even those in the group who enjoy wine regularly. Highly recommend Argaux to any group who wants to do a blind tasting. Sending one to my Dad for his birthday next!!”
